

Thanksgiving Day Prayer

— 2024 —

GOD THE FATHER, maker of heaven and earth, you have given us the gift of life. We give you thanks for the innumerable blessings that come from this gift: family, friends, vocation, imagination, and eternal satisfaction in the worship of you.

GOD THE SON, Savior of the world, you have given us the gift of redemption. We give you thanks for the manifold gifts that come from your saving work: true knowledge of God, release from bondage to sin and shame, and the assurance of your shepherding care all our days.

GOD THE SPIRIT, sanctifier of the faithful, you have given us the deposit of everlasting life in the age to come. We give you thanks for all the gifts you impart to us: rebirth in the likeness of Jesus, power to love him and obey his commands, and the hope of glory in his name.

HOLY, BLESSED, AND GLORIOUS TRINITY, ever one God, we thank you for the manifold blessings of the year that is past. Shine your most gracious light into our hearts in the year to come, that we may have daily an awareness of our debt to grace, an increase in gratitude and true worship as becomes your goodness, and assurance of your limitless largess for all who look to you for sustenance, through our Lord and Savior Jesus Christ. Amen.
