

HILLSDALE COLLEGE

# Parents Newsletter

SPRING 2026 • VOL. 31, NO. 2

## Hillsdale Receives NCAA Division II Presidents' Award for Academic Excellence for 15th Straight Year

The coaches and staff of the Hillsdale Athletic Department promote academic excellence among their student-athletes with the same passion that they pursue victory on the court, field, track, and range.

That emphasis has paid dividends for the Chargers. For the 15th consecutive year, Hillsdale earned the NCAA Division II Presidents' Award for Academic Excellence—an honor given to schools where student-athletes achieve an Academic Success Rate (ASR) of 90 percent or higher—and was second in the nation among all 305 NCAA Division II schools. Hillsdale is one of 43 schools to receive the award and one of seven schools to receive it every year since its inception. The College has finished among the top five schools in ASR for eight years in a row.

The ASR follows a class of freshman athletes over a six-year period, measuring the percentage who either graduated or left the institution in good academic standing and on track to graduate. Hillsdale's rating means that 99 percent of Charger athletes met one of these two criteria at the end of six years.

"We take great pride in continuing to represent Hillsdale College well in these rankings," says Athletic Director John Tharp.

*Our students' ability to excel in both rigorous academics and athletics is a testament to their diligence as well as the support of their coaches and professors. This award matters to us because it is a reflection of our success in achieving our ultimate goal for all of our student-athletes—that they leave Hillsdale College with a degree in hand and equipped with the tools to be a human being of character and merit in the world.*

Hillsdale was one of two Great Midwest Athletic Conference schools to make the cut, along with Cedarville University at 91 percent, and was the top school among the seven from the Midwest Region. ■

## Fall Parents Weekend and Phonathon

### Parents Share Their Experiences

In October, Hillside hosted more than 1,300 parents at the three-day Fall Parents Weekend. Events included a luncheon, wine tasting, and reception for President's Club members at Broadlawn; volleyball and football games; performances by the Hillside College Symphony Orchestra; and parent-faculty conferences.

Sixteen parent volunteers arrived on campus earlier that week for the Phonathon to raise funds for student scholarships and capital projects. The Parents Association Steering Committee's efforts for the next four years will focus on fundraising for the North Library expansion project. Funds raised during the fall and spring Phonathons, as well as proceeds from the sale of Hillside cruise raffle tickets, will go toward the Library project. The goal is to raise \$5 million. ■

\* \* \*

*Hillside's educational outreach has been very meaningful to our family over the years, and attending the College has been a special blessing to our son, so we are happy to share that appreciation with others. Participating in the Phonathon provides us an opportunity to give back, be encouraged in conversation with new friends, and spend time with our son. The experience of getting out of our comfort zone for such a good cause and being surrounded by warm and friendly folks—all while enjoying the renowned Hillside hospitality—has been a wonderful surprise, and we are grateful for the opportunity.*

—JEREMY AND BRENDA JONES (LUKE '27)

*We had no experience asking for donations, but sharing with others the impact Hillside has had on our son, our family, and the world felt completely natural, as we genuinely believe in the school's mission. The best part of the Phonathon was spending time with the other parent volunteers. We can't wait to do it again.*

—KALEM AND JONELLE KAZARIAN (PETER '26)

*When our daughter enrolled at Hillside, we knew she was joining an amazing community and would make lifelong friends. What we didn't expect was that we would also be gaining a new set of friends. From the parents of her friends to other Hillside parents from our city to the parents we met at the Phonathon, we have found a new community that has enriched our lives. We can hardly wait for the next Parents Weekend to see them all!*

—SHANNON LAMM AND KEVIN COLLINS (CAMPBELL '26)

*This was my third time participating in the Phonathon. I do it not only because it's a great excuse to hug my sons, but also because I love the people I get to work with so very much. Maree and her team are amazing, and it's a joy to see all of the energetic new and returning parents, who come from around the country and dedicate a week of their life to calling donors. It's a testimony to how much we love and support the College.*

—NICHOL STARR (JONAH '26 AND BODEN '28)

*The Fall 2025 Phonathon was my first experience with the project. While I was a bit intimidated by the idea of calling people to ask for money, I was overwhelmed by the positive responses I received from folks all over the country. I spoke with people from South Carolina to Alaska who love, respect, and value Hillside and its mission. It made me even more proud that my son is part of such a revered and valued institution.*

—JULIE YOUNG (KAELAN '29)

## Liberty and Entrepreneurship Will See Us Through

LARRY P. ARNN  
President

I traveled to New York recently and spoke to the Meritocracy Fellows at Palantir, the defense contracting company. The Fellows are two dozen 18-year-olds from across the country who, instead of going to college, have chosen to spend the year working at Palantir. Most of them are tech whizzes and many are entrepreneurs. They all have talent.

I admire Alex Karp, the man who runs Palantir, for his commitment to defend the West. I gave a talk about China, a country much on my mind of late. It poses a great military threat to the United States. The Chinese government covets Taiwan, and it seeks to rival America as a great naval power. We are quantifiably outmatched: China has more people than we do, boasts greater industrial might, and is expanding its navy at eight times the rate we are.

How are we to contend with that?

We can look to Winston Churchill, an entrepreneur in the war business, for guidance. Churchill hated war and sought to avoid it, but he excelled at it when it came. "Battles are won by slaughter and maneuver," he wrote. "The greater the general,

the more he contributes in maneuver, the less he demands in slaughter."

During the First World War, Churchill envisioned a wall of steel between Allied soldiers and enemy bullets in order to save lives. He allocated £70,000 of public funds for the venture, the outcome of which was far from guaranteed. He succeeded, however, and from his idea sprang the first battle tank.

What can we learn from this? Liberty and entrepreneurship are inseparable. Each depends upon the other. It is on account of these two things together that we will surpass China. We have Alex Karp and others like him who make the tools they do because they are free to do so under our form of government. China cannot produce men like them.

It was a privilege to speak to the Meritocracy Fellows. They, like our students here at Hillside, have chosen to devote themselves to preserving the West, and they are working hard at it. May God grant them, and us, continued success in this effort. ■

## Legacy Board Announces Senior Class Gift

### Class of 2026 Raising Funds for Student Scholarship

Last fall, the Class of 2026 Legacy Board—a group of seniors responsible for selecting the class gift and leading fundraising efforts to support the project—announced the gift would be a remitted scholarship in the name of Emerson "Emmy" Sigtryggsson '26 (pictured left with her father), who passed away in September 2024, soon after being diagnosed with cancer. At the College's memorial service a month later, President Arnn said,

*The most aggrieved, her mother and father and sisters, are here with us, and our hearts go out to them. The College has no power to remove their grief, but we can share it. Also, we can remind them and ourselves that only the providence of the Lord can make this right.*

# Adding to the Beauty of Our Campus

**BILL GRAY '01**  
*Vice President for Institutional Advancement*

If you have visited the Hillsdale campus recently, you have seen the major construction projects that are underway. All of these capital projects will support the activities of teaching and learning at the College for years to come and will be beautiful physical manifestations of its high purposes: learning, character, faith, and freedom.

The completion of Christ Chapel in 2019 was the first step in our plan to beautify the north quad. The Chapel points to God as the highest end at which education aims, and the current projects will complement its classical architecture. The next steps toward our goal will be the completion of the Diana Davis Spencer Graduate School of Classical Education and a new façade on the Grewcock Student Union. An arcade will connect all of these buildings to Christ Chapel, providing both shelter and architectural unity.

Another ongoing project is the North Library expansion. The Michael Alex Mossey Library has served our campus well for decades, but the College’s special collections and archives have grown beyond what it can hold. Additional student study space is urgently needed. The expansion will add storage and display space for archival materials, as well as student reading rooms and study areas. It will be connected to the Grewcock Student Union via an impressive undercroft, with a grand staircase leading to the East Lawn, where Freshman Convocation and Commencement are held. We are grateful to the many friends

who have contributed to this project, including the Parents Association’s commitment to raise \$5 million.

We plan to begin construction this summer of a Welcome Center, which will replace the old student union and be connected to the Searle Center and Dow Hotel and Conference Center. It will serve as the new home of our Admissions Office and bookstore and will be the place where prospective students and their families—as well as the thousands of other guests who visit Hillsdale each year—begin their campus tour.

Future projects that will contribute to the beauty of Hillsdale’s historic campus include a renovation of the north side of Central Hall, a south expansion of the Library, and a war memorial to commemorate the Hillsdale students who have given their lives to protect our country and our way of life.

The goal of all of this investment is a campus whose physical beauty matches the intellectual and spiritual virtue we seek to cultivate in our students. We are honored to have the support of Hillsdale parents and grandparents for these building projects that will stand for generations to come.

To learn more about the North Library expansion, the Welcome Center, or other capital projects, please email me at [bill.gray@hillsdale.edu](mailto:bill.gray@hillsdale.edu). I would be happy to send you more information. To make a gift, please call Donor Services at (517) 607-2727 or go online at [secured.hillsdale.edu](https://secured.hillsdale.edu). ■

The list below recognizes current parents and grandparents who are President’s Club and Legacy Society members.  
*As of December 12, 2025*

CONTINUED FROM PAGE 3

He also announced that the College would award Sigtryggsson a posthumous bachelor’s degree in science. She will be recognized as a member of the Class of 2026 at the Commencement ceremony in May.  
“The Legacy Board has been deeply impressed and inspired by our class’s commitment to honoring Emmy through a scholarship established in her name,” says Legacy Board member Dylan Hughes.

*We are confident that we can exceed our goal and are motivated by the possibility of making this an endowed scholarship if we are able to raise enough funds. An endowment would sustain the scholarship in perpetuity, allowing Emmy’s name to continue blessing students in need for generations to come. It’s been truly rewarding to be on the frontlines of this effort. We all miss Emmy dearly. Losing her was beyond heartbreaking, and campus hasn’t been the same without her laughter and contagious joy. Serving her memory through the Class of 2026 senior gift is a privilege beyond words.*

The Emerson “Emmy” Sigtryggsson Memorial Scholarship “will be awarded to students who have demonstrated a need for supplemental funding due to family hardships (especially illness) or unexpected financial circumstances, which would otherwise prevent them from being able to return to Hillsdale College.”

# North Library Expansion Update

Every year, the Hillsdale College Parents Association sets a goal for their fundraising efforts. It is chosen with the interests of current and future students in mind. The current goal is to raise \$5 million from parents and grandparents over the next four years for the North Library expansion, which is under construction in the north quad.

The Michael Alex Mossey Library can no longer accommodate all of the students who wish to study there, nor the volumes, artifacts, and archives the College has acquired. The 16,600-square-foot expansion will include a reading room, parlors, study lounges, and a special collections room. Beneath the reading room, an exterior grand staircase, undercroft, and arcade will connect the north quad to the East Lawn, where Freshman Convocation and Commencement are held.

The expansion will connect to the existing Library through a central circular staircase illuminated by a skylight and leading to the circulation desk and lobby, which will be renovated to complement the new addition. In recognition of the Parents Association’s fundraising efforts for this project, the renovated area will be named in honor of Hillsdale College parents and grandparents.

We remain grateful to all of the Hillsdale parents and grandparents who have contributed to this project, which will benefit generations of students to come.

To make a contribution toward the Parents Association’s goal for the North Library expansion or to designate your President’s Club pledge toward this project, please contact Maree Socha at (517) 607-2382 or msocha@hillsdale.edu. ■

## REMAINING NAMING OPPORTUNITIES

| MAIN LEVEL            |                | UPPER LEVEL          |                |
|-----------------------|----------------|----------------------|----------------|
| Grand Staircase ..... | \$4,000,000    | Study .....          | \$2,500,000    |
| Undercroft .....      | \$4,000,000    | Vestibules (2) ..... | \$500,000 each |
| Main Lobby .....      | \$4,000,000    |                      |                |
| Vestibules (3) .....  | \$500,000 each |                      |                |

# Parents Phonathon

Partner with us and with our students by supporting our Library Expansion.

SPRING PHONATHON: **MARCH 2-5, 2026**

FALL PHONATHON: **OCTOBER 19-22, 2026**

# Looking to the Future!

**MAREE SOCHA**

*Director of The President's Club, The Legacy Society, and Parent Relations*

As we begin a new year, I have been reflecting on our students' Hillsdale journey. Whatever stage they find themselves in, we can wonder at the magnificent ways their character is being strengthened and our relationships with them mature—how their Hillsdale education is developing their minds and improving their hearts.

As our students continue to strive in their studies, let us encourage them to endure in their work. Hopeful for their future, we parents and grandparents know that a Hillsdale education will prepare them to lead in a world desperate for truth!

I am looking forward to parent-faculty conferences in March, Commencement in May, and Summer Send-off parties beginning in June. My hope is that you will make time to attend one or more of the many programs and events we host here on campus and around the country. We are incredibly grateful for your partnership, prayers, trust, and support.

## PARENTS FUNDRAISING GOALS

For several years, the Parents Association Steering Committee (PASC) has directed its efforts to raising money for student scholarships. I am proud to report that over the past six years, we raised more than \$9 million to fund scholarships, grants, and loans. This includes a parent-led effort to endow a scholarship for each of the 50 states. Currently, 19 states have endowed scholarships.

Last fall, the PASC set a new goal of raising \$5 million over the next five years to support Hillsdale's planned expansion of the Michael Alex Mossey Library. The new addition to the Library will include a spacious reading room, study rooms, and an exterior grand staircase. The classical exterior design will complement Central Hall and Christ Chapel.

If we reach this goal, the Library's renovated circulation desk and lobby area will be named for all Hillsdale parents and grandparents. We welcome your partnership in this exciting effort.

## ONLINE COURSES UPDATE

The College will be releasing several new online courses in the spring and summer:

- “Logic and Rhetoric,” featuring Associate Professor of Education Benjamin Beier
- “Revolutionary America,” featuring President Arnn, Associate Professor of Politics John Grant, Professor of History Wilfred McClay, Professor of History Paul Moreno, Associate Professor of Politics Kevin Slack, and Professor of Politics Thomas West, as well as guest commentators Michael Knowles, John Lovell, and Eric Metaxas

- “The Iliad,” featuring Professor of English Stephen Smith
- “The Odyssey,” featuring Associate Professor of English Benedict Whalen

To date, more than 5.5 million students have registered for one or more of our free, not-for-credit online courses. All of Hillsdale's online courses are available at [online.hillsdale.edu](https://online.hillsdale.edu).

## PARENTS PHONATHON AND PARENTS WEEKEND EVENTS

For the 2025–2026 academic year, the Spring Phonathon will take place on March 2–5, followed by Parents Weekend on March 6–8. For the 2026–2027 academic year, the Fall Phonathon will take place on October 19–22, followed by Parents Weekend on October 23–25. Please volunteer and help us reach our goals for scholarships and College operations. We would love to have you join us!

## JOIN THE PRESIDENT'S CLUB!

We are grateful for the increasing number of parents and grandparents who have joined The President's Club. It is a privilege to partner with those who understand that the \$109,865 net cost of a Hillsdale education is far greater than the \$46,789 that is charged for tuition, room, board, and fees. Joining The President's Club is a way to follow in the footsteps of the parents and grandparents of past students, who gave so that today's students can attend Hillsdale at an affordable cost. I am honored to be part of this group of parents and grandparents who continue to support the College's mission. We are grateful, as is every student.

## SUMMER SEND-OFF PARTY

Each summer, Hillsdale parents volunteer to host send-off parties for incoming and current students and their parents. This past summer, there were 23 parties in 18 states. These are wonderful opportunities for freshmen and their parents to meet other parents and students from their geographic area, ask questions, and enjoy the camaraderie that comes from being part of the Hillsdale family. It is an ideal way for parents to get involved with Hillsdale College and all it has to offer them. Won't you consider hosting a party next summer?

Our office coordinates these send-off parties in response to the many calls we receive from freshman parents inquiring about such events. If you would like to host a Summer Send-off party, please let us know!

## UPDATE YOUR CONTACT INFORMATION

Please keep your preferred email address updated. Don't forget to include your name and address.

## Chris and Amy Buchanan

### President's Club Member Spotlight

#### TELL US ABOUT YOURSELVES.

Chris was born in Austin, Texas, and Amy was born in New Albany, Indiana. We met in Memphis, Tennessee, where Amy was working as a registered nurse and Chris was doing his urology residency. We got married in 2000, moved to Texas in 2004, and Chris has been a practicing urologist ever since. Amy retired from nursing and is now involved in real estate. We own short-term rentals and are interested in the redevelopment of small towns. We have three children—Avery '24, Emery Judith, and Greyson '29—and we live in Fort Worth.

#### HOW DID YOU LEARN ABOUT HILLSDALE COLLEGE?

Through Avery, who wanted to visit campus during her junior year of high school. At the time, we thought we were simply accompanying her on a college tour—just another step in the whirlwind of preparing for life after high school. But the moment we arrived on campus, something shifted for all of us.

#### WHY DID YOU JOIN THE PRESIDENT'S CLUB?

During that first visit, we became part of the Hillsdale family. The College made such an impression that we left campus changed—hopeful, inspired, and grateful to have found a community that aligned so closely with the values we hold dear. That inspired us to become President's Club members—we discovered how far Hillsdale's influence extends, not only shaping the lives of its students, but also touching classrooms, communities, and conversations around the world. The College's commitment to

truth and the preservation of liberty resonated with us on a very personal level. We want our children to grow up in a country where education inspires virtue, courage, and a love of learning. Supporting an institution committed to these values was not only an investment in our daughter's future, but also a contribution to something far larger than ourselves.

#### IN WHAT WAYS ARE YOU INVOLVED WITH THE COLLEGE?

We have been actively involved with the Parents Association Steering Committee for nearly five years. This allows us to give our time at the ground level and support the school in meaningful, hands-on ways. We regularly assist with campus events such as Parents Weekend, as well as fundraising efforts and outreach to new families. We also serve as ambassadors for the College, helping to welcome parents into the Hillsdale community and answering questions as they begin their journey.

#### WHAT WOULD YOU SAY TO PARENTS AND GRANDPARENTS THINKING ABOUT JOINING THE PRESIDENT'S CLUB?

The President's Club plays a vital role in sustaining Hillsdale's educational mission and helping to advance the principles of liberty that the College promotes nationwide. For families who believe in its mission and want to invest in the next generation of leaders, The President's Club is a remarkable opportunity to do that. The relationships, the sense of shared mission, and the ability to make a meaningful impact are truly some of the most rewarding aspects of being part of The President's Club. ■

## INFORMATION FOR GRANDPARENTS

If you know of grandparents who would like to be connected to their grandchild at Hillsdale College and receive their own *Parents Newsletter* and invitations to parent/grandparent events, please contact our office and let us know. If they are not *Imprimis* readers, we can add them to our subscription list free of charge. ■
